SPRINT SERIES

Premium Biostimulants & Metabolic Activators

SPRINT GOLD

- ✓ **Revitalizes Soil Biology:** Ultra-concentrated premium biostimulant.
- ✓ **Synergistic Power:** Combines fulvic acid, seaweed extract, vitamins, and highly potent mycorrhizal fungi.
- ✓ **Maximizes Productivity:** Rapidly expands the active root zone and mobilizes locked-up soil nutrients.
- ✓ **Builds Resilience:** Optimizes moisture retention against environmental stress.

Packing: 400 gm | Dosage: 1 Kg/Acre

SPRINT MIX

- ✓ High-performance foliar energizer for rapid vegetative vigor and complete metabolic activation.
- ✓ Delivers instantly available systemic nourishment without leaf burn.
- ✓ Accelerates chlorophyll synthesis, prevents flower/fruit drop, and enhances cell enlargement for superior crop quality.

Packing: 500 gm | **Dosage:** 500 gm/300 L Water

SPRINT TAB

- ✓ **Effervescent Technology:** Advanced, ultra-concentrated biostimulant that dissolves instantly.
- ✓ **Marine Bio-Catalysts:** Formulated with high-potency marine-derived precursors.
- ✓ **Rapid Activation:** Accelerates chlorophyll production and stimulates vigorous lateral branching.
- ✓ **Stress Defense:** Strengthens internal defense against temperature spikes and dry spells.

Packing: 1 Kg | Dosage: 4 Tabs/15 L Water

SPRINT ROCKET

- ✓ Ultra-concentrated liquid biostimulant triggering rapid vegetative surge and intensive root proliferation.
- ✓ Works at the cellular level to enhance nutrient uptake, optimize flowering, and deliver strong resilience against environmental stress.
- ✓ Applied at micro-dosages for complete physiological activation.

Packing: 10 mL | **Dosage:** 20 mL/300 L Water

zevita

TRINITY SERIES

Imported N : P : K

Fast-tracks early root growth, builds strong stems, and sparks heavy flowering and fruit setup

Provides equal and rapid all-round nutrition to boost healthy leaf growth, strong roots, and better flowering

Prevents deficiency, boosts flowering, and improves fruit setting in crops

zevita

NANO SERIES

3x Less Doses – 2x Higher Performance

NANO NPK & MICRONUTRIENTS

3x Less Doses - 2x Higher Performance

Product Specification	Standard Dosage
Nano NPK 20:20:20	200 gm / 150 Lt. Water
Nano NPK 12:61:00	200 gm / 150 Lt. Water
Nano NPK 00:00:50	200 gm / 150 Lt. Water
Nano NPK 00:52:34	200 gm / 150 Lt. Water
Nano NPK 13:00:45	200 gm / 150 Lt. Water
Nano NPK 13:40:13	200 gm / 150 Lt. Water
Nano NPK 19:19:19	200 gm / 150 Lt. Water
Nano NPK 17:44:00	200 gm / 150 Lt. Water
Nano Mix Micronutrient EDTA Chelated Powder	50 gm / 150 Lt. Water
Nano Capsule – Flower Booster	1 Capsule / 150 Lt. Water
Nano Capsule – PGR	1 Capsule / 150 Lt. Water

zevita

GR SERIES

Granular Bio Fertilizers

GRANULAR BIOFERTILIZER

Name	Technical Composition	Packing	Dosage (per Acre)
Maharaja	Vesicular Arbuscular Mycorrhiza	5 Kg	5 Kg
Matrix	Humic Acid + Amino Acid + Fulvic Acid + Seaweed	5 Kg / 10 Kg	7.5 Kg
Ujala Super	Seaweed (Double Coated)	10 Kg	10 Kg
Sagar	Seaweed (Single Coated)	10 Kg	12.5 Kg

UPCOMING LIQUID FERTILIZERS

Standard Dosage: 40 ml / 15 Lt. Water

 **CMB** – 06:00:18 Fortified with Calcium, Magnesium & Boron

 **CBZ** – Fortified Calcium Suspension with Boron & Zinc

 **Zinc 39.5%** – High concentration formulation

 **ZB** – 11:11:08 Fortified with Zinc & Boron

 **Liquid Boron Concentrate**

 **Liquid Potassium** – 02:00:50

 **CNM** – Calcium Nitrate Fortified with Magnesium

 **SPRINT OCEAN** – Premium organic formulation

 **PKC** – 00:45:30 + Cu

 **Trinity Boost** – 20:20:20 + MgO + TE
